Seeding at MHSAA Finals – 9 Lane

1. East Kentwood, for example, is a nine lane track. For all events 400 meters and less as well as the 4x200 relay and the 4x400 meter relay the preferred lane order will be:

5, 6, 4, 7, 3, 8, 2, 9 and 1

This puts the fastest seed in the middle lane of each event and it allows them to see the second fastest runner.

2. First round sprint events will run using as few heats as possible, so divide the field by nine and the fewest heats possible will be formed to get all athletes into a first round event.
 - a. Heat winners plus next 6 fastest times
 - b. Heat winners plus next 5 fastest times
 - c. Heat winners plus next 4 fastest times

3. For events 800 meters or longer, except as noted above, all seeding will be done by alleys from the inside out. There are THREE ALLEYS with six people per front row in each alley.

1 4 7 10 13 16 in alley one row one 19 22 ... in row two
2 5 8 11 14 15 in alley two row one 20 23
3 6 9 12 15 18 in alley three row one 21 24

4. Heats of the 3200 meters: 1 heat no matter what
5. 1600: one section if 24 or less runners; two sections if more than 24 runners with 16 in the fast heat, plus all ties.
6. 800: one section if 20 or less runners; two sections if more than 20 runners; If 20 to 24 runners, 12 in the last section, plus all ties; if more than 24, 16 in the last section, plus all ties.
7. 3200 Meter Relay: one section if 13 or less teams; two sections if 14 or more. If there are more than 24 entries, the 16 fastest times will be placed in the second section. If there are 24 or fewer entries, the second section will consist of the 12 fastest times plus all ties.
