Uniform tops should be worn as intended by the manufacturer (no knots and no bare midriff), which may require them to be tucked in at the start of the race.

UNIFORM WARNING: A general uniform warning is issued to all coaches and athletes prior to competition. Should any athletes participate while wearing an illegal uniform, and the discovery is made while in competition, that athlete/relay will be disqualified from further competition in that specific event. **This is considered to be your official team uniform warning.**

CHECK-IN & CALLS: A three-call system will be used (1st call; 2nd call; final call). Athletes are expected to check-in promptly when the first call is given and before the final call for that event. Athletes competing in a field event will check in at the site of the field event. The location of the check-in area for all running events is at the tent located on the 20 yd line at the north-center end of the field. The staging area

will be located at the end of the straight-away chute (near the 100 start line) for all races except the 200 and 300 hurdles. These events will be staged at their starting line. Hip numbers will be used in the 800 M, 1600 M, 3200 M Run, 4 x 800 M relay and the 4 x 400 M relay.

WARM-UP AREA: A designated warm-up area will be provided at each site (see map).

RELAY CARDS: Relay athletes will be pre-declared via athletic.net. Relay cards will only be used for substitutions on the day of the meet. Only substituted athletes will be listed on the card.

SCRATCHES: Please submit any scratches on Saturday using the scratch sheets in the coaching folders. There will be morning scratches (DUE 9:00 AM or earlier) for semi-finals and afternoon scratches (DUE AT 12:00 PM or earlier) for finals. YOU MUST SCRATCH YOUR ATHLETE IF THEY ARE NOT PARTICIPATING. Heats are then redrawn based on those scratches. Scratches in the field events can be done at the venues. Remember – scratches only – no substitutions (except for relay teams). If you have any pre-meet scratches, please make them via athletic.net ASAP after the regional meet so that heat sizes can be planned.

An athlete must be scratched prior to the deadline from any individual event in that session (prelims plus 4x800 or running finals) or that event WILL count against his/her four-event limit. Individual events are scratch only, no substitutions.

Relay legs may be substituted at any time prior to running of the relay for another athlete on your roster, but the change must be reported PRIOR to the event being run. Any athlete on your eligibility list may be substituted, provided that he/she has a remaining event, mindful of the previous paragraph.

TAKE-OFF MARKS: Only chalk may be used on track surfaces to indicate a high jump or relay takeoff mark. Please tell your athletes to make their chalk marks reasonable in size and quantity (Maximum $\frac{1}{3}$ the width of the lane on the track). Only stick markers or chalk may be placed alongside the long jump and pole vault runways. We will provide chalk and sticks at appropriate locations. No tape or scuff marks please.

TIME LIMITS: The time limits for all field events will be strongly enforced. This is within one minute after the competitor's name has been called for trial. There are extended time limits in the HJ and PV when 3 or fewer competitors remain.

DISCUS & SHOT PUT: All competitors will be allowed three preliminary throws in the 1-1-1 format. Preliminaries will be conducted in flights in "Worst to Best" Order. The top nine from all flights will advance to finals for three additional attempts competing in "Worst to Best" Order based on their best prelim performance. Throws done in finals will also be in the 1-1-1 format. In both prelims and finals, each attempt will be measured before another is made. Three warm-up throws will be allowed between flights.

The best mark achieved in either prelims or finals will be used as the mark to determine place finish.

HIGH JUMP: The high jumps will be conducted simultaneously. The five-alive concept will be used until nine or fewer competitors are at a given height. Starting heights: Boys 5'11" and girls 4'10". The bar will be raised using the MHSAA Raises Chart (Boys: 5'11", 6'1", 6'3", 6'5",... – Girls: 4'10", 5'1", 5'3", 5'5",...). When nine or fewer competitors remain, the bar is to be raised one inch only for each successive jump.

When nine or fewer competitors remain, the bar is to be raised in three-inch increments (until one with options to pass).

LONG JUMP: The long jumps will be conducted simultaneously. All competitors will be allowed three preliminary jumps during the open pit time. The top nine will advance to the finals for three additional jumps in "Worst to Best" Order. **The best mark achieved in either prelims or finals will be used as the mark to determine place finish.**

RUNNING EVENTS: Boys' events will run first in 2024. Distance races will employ double waterfall starts. All other races will have the lane preferences of lanes 4-5-3-6-2-7-1-8. In running event finals with more than one heat, the fastest heat is last; slowest heat is first.

DISTANCE RACES: Please remind your runners about staying to the right of the white line on the inside of the track, and not cutting-off another runner when passing. This rule applies to the following races: 1600 M Run, 800 M Run, 3200 M Run, 4x800 M Relay, and 4x400 M Relay.

RELAY TEAMS: Relay team members will be pre-declared via athletic.net. Relay cards will only be used for substitutions from eligible athletes (on your eligibility list) on the day of the meet. Relay substitution cards will be available in the coaches' packets. Please make sure that your relay teams are legally attired.

EXCHANGE ZONES: The 4x800 Relay Exchanges are green/blue triangles for all exchanges. The 4x400 Relay Exchanges are blue triangles done in lanes for the 1st exchange and then green/blue triangles for all other exchanges. The 4x200 Relay Exchanges are red triangles for exchanges one and two, and yellow triangles for the third exchange all done in lanes. The 4x100 Relay Exchanges are all yellow triangles all done in lanes. SEEDING AT THE MHSAA STATE FINALS - 8 Lane

1. For all events 400 meters and less, as well as the 4x200 M Relay and the 4x400 M Relay, the preferred lane order will be:
4 - 5 - 3 - 6 - 2 - 7 - 1 - 8
2. There are now only two rounds (semi-finals & finals) of competition in the 100 M Dash, High Hurdles, & 200 M Dash. Runners are seeded according to their Regional Qualifying Times in the semi-finals.
 - a. 3 heats: the winner of each and the next five fastest times advance to the finals.
 - b. 4 heats: the winner of each heat and the next four fastest times advance to the finals.
 - c. 5 heats: the winner of each heat, and the next three fastest times advance to the finals.
 - d. Format for additional heats is the same, winner of each heat and the next fastest times to fill eight lanes on the track.
3. In the finals for the events listed above, runners will be seeded in the following manner: Seed all heat winners by time, and then all remaining non-winning times in preferred lanes described in #1. Note that some slower times may get better lanes if that athlete won their heat but there was a faster time that an athlete ran in another heat that did not get 1st place.
4. All events 800 meters or longer, all seeding will be done by Regional Performance Rank in the event and the hip numbers that are assigned. There is an option for a single waterfall (16 or less) or double waterfall (24 or less).
 - a. Single Waterfall: Hip #1 on the outside of lane 8 and highest hip number #16 on the curb.
 - b. Double Waterfall: Hip #1 on the outside of lane 8 in the upper waterfall line and #8 on the inside of lane 5. For the lower waterfall line then line up #9 on the outside of lane 8 and the #24 on the curb.
 - c. 3200 M Run with 25-34 runners: If there are more than 24 runners, the Top $\frac{1}{3}$ of the field is to be placed in the Upper Waterfall and the Bottom $\frac{2}{3}$ in the Lower Waterfall with seeding in the manner described in parts a and b.
 - d. Please remember that the upper waterfall may only cut to lane 5 until the backstretch (which is the cut in for the 4x400 M relay). The back waterfall may cut in immediately without cutting off other runners.
5. Heats of the 3200 M Run:
 - a. If 35 or less runners then one heat.
 - b. If 36 or more runners, then two heats will be conducted with the fastest 24 plus ties in the second heat and the rest of the field in the 1st heat.
6. Heats of the 1600 M Run:
 - a. If 26 or less runners, then one heat will be conducted.
 - b. If 27 or more runners, then two heats will be conducted with the 18 fastest plus all ties in the second heat.
7. Heats of the 800 M Run:
 - a. If 20 or less runners, then one heat will be conducted.
 - b. If 21-26 runners, then two heats will be conducted with the 12 fastest plus ties in the second heat.
 - c. If 27 or more runners, then two heats with the 18 fastest plus ties in the second heat.

8. Heats of the 4x800 M Relay:
 - a. If 14 or less teams, then one heat will be conducted.
 - b. If 15-27 teams, then two heats will be conducted with the 12 fastest teams plus ties in the second heat.
 - c. If 28 or more teams, then three heats will be conducted. The 12 fastest plus ties in the third heat, the next 12 fastest plus ties in the second heat and the remaining teams in the first heat.
