

## MHSAA MS CC Regional Zone #4

Tuesday, October 22, 2024

**Location:** Brown City High School (baseball/softball fields)

4400 Second Street

Brown City, MI 48416

\*Teams: Instead of going to the school, go south on Cade Road and there is a back entrance to the baseball/softball fields – buses will park where our busses park.

Spectators: There will be parking at the baseball/softball fields but there is also parking by the school with a 300 walk to get to the back.

**Entry Fee:** There is no cost and no entry fee for participation in the MHSAA JH/MS Regional race for any school. The regional race will NOT count against schools' MHSAA contest limit in Cross Country.

**Entries:** All entries will be done online through athletic.net. Athletic.net is a free service and a great way to keep stats for your kids. All entries are due by Saturday, October 19th, by 11:59 pm. All runners will be assigned a number.

There will be "Large" and "Small" school divisions for the varsity race. Schools will compete together and then the results will be separated into two divisions for awards. Large schools are those that feed D1 or D2 MHSAA High Schools and Small schools are those that feed D3 and D4 High School.

Each school can race up to 10 athletes in the varsity race and the remaining runners will compete in the reserve race. When registering your varsity runners on athletic.net please be sure to select the correct varsity division based on whether your school is a Large or Small school. Both championship divisions will race together; they're just separated for award purposes.
