

## HEY FANS – Script

### OPEN / FUN

- #1: High school sports are meant to be fun.
- #2: We love to represent our school, and we care about our sports.
- #3: We know you do, too.
- #4: And because we all care, it can sometimes get intense.
- #5: So here is our perspective to make the experience more fun for everyone.

### POSITIVE

- #6: We know it's easy to react and yell during games, but we all make mistakes.
- #7: It makes the game more enjoyable when we hear you cheering positively.

### REFEREES

- #8: Referees are human, respect their decisions. They aren't perfect.
- #9: When you feel like yelling at an official, remember that you are representing our school.

### OPPONENT

- #10: As much as we want to win, just remember to keep the energy positive towards all.

### COACHES

- #11: During the season we spend a lot of time with our coaches. They have a tough job.
- #12: You can support them by accepting their decisions
- #13: and being thankful for all the time they have devoted to making us better.

### FRIENDS

- #14: Showing empathy and support to everyone involved is important.
- #15: Remember, you are the ones who set the example.

### CLOSING

- #16: Thanks for coming to our games, taking us to practice, and always supporting us.

ALL: We couldn't do this without you.
